**Dear Allan:**

I have been researching your company with great interest and would be very keen to learn of opportunities for a student job. After a talk at UCN Matchmaking event I am interested in joining WEXO company.

As a third semester computer science student at UCN I have knowledge and some experience that suit WEXO initiative and I want to expand my skills to new areas.

My competences:

- Experience with SQL in school and after school projects
- Some experience with PHP from high school
- Good HTML knowledge
- I work with CSS in my school projects

I have great interpersonal skills, I am a fast learner and hard-working person.

Thank you for taking time to consider my application, and I look forward to hearing from you.

**Sincerely,**

**Piotr Gzubicki**
